MEMORIAL DAY AT WEIDMAN DRAWS CROWD

Twice as many carloads of people as last year met the Weidman Band at Mitchell Park and followed on to the cemetery for short memorial services for our dead.

The band played several numbers at the park and on road to the cemetery, and a firing squad from the Barryton American Legion gave the salute. Rev. Arlo Vandlen read a brief memorial message, followed by prayer.

Our village is very grateful to our neighbors from Barryton who came in uniform and marched to the cemetery. We personally counted 17 Legionnaires in this neighborly demonstration.

GUESSIN' HOW MANY FISH HOOKS IS FUN

So Hardware Man Ed Fox is puttin' on one of those guessing contests beginning next Monday, June 6, when he'll have a fish bowl in his window cram full of fish hooks, and the ones who guess nearest the correct number of 'em will receive some mighty nice prize.

Make your estimate and leave it at the store, Fox's Hardware, and on June 11 the contest ends and the winners decided.

We're gunna make a flying guess, anyhow, as we could use that bait assortment prize Ed has listed.

Our apologies to three of our best news writers this week, Blanche Carr of Two Rivers, Amelia Tanner of Green View and Mrs Robert Smith of South Gilmore. We had to omit your good news letters at the last minute. Time ran out on us as we struggled with the old Lin-O-Grief we thought we'd left forever.

Anyhow: Will our writers — and our readers — continue their wonderful patience with us till we get the thing under control?

Ah, we do thank you.

THOUGHT FOR TODAY

It would be wonderful if Holmes Milling Company would go on Consumers Power and turn the dam over to the Conservation Department as a fishing-site control.

It would give back a chance of life to a little town that now is being squeezed by the situation.

Proud Michigan

*...where landmarks change as
lake winds blow—*

A desert fringing on a giant lake, shifting sands that erase all sign of yesterday. These are the Sleeping Bear Dunes of Michigan. World's largest shifting sand dunes; they give to Michiganders a scenic Sahara in the midst of verdant farmlands.

*... and the only state where you can buy Leonard X-Tane,
a fresh gasoline especially made for Michigan weather*

IT'S FRESH—You get top performance from Leonard X-Tane because evaporation has not robbed it of highly volatile molecules that mean greater economy and smoother performance. It's never pumped, piped, and poured until it loses its power. Leonard X-Tane is made in Michigan and delivered fresh!

Made for Michigan Weather

—You get faster starting . . . faster pick-up from Leonard X-Tane because it's blended to match the weather. The formula is changed at least 8 times a year instead of the usual 4, as Michigan weather changes. It is never a compromise to meet nationwide weather conditions. Leonard X-Tane is made and sold only in Michigan. Leonard X-Tane is right for Michigan.
