PRETTY GERMAN GIRL VISITS FRIENDS HERE

Miss Inge Goede of Hamburg. Germany, spent a July weekend at the home of Mr. and Mrs. Paul Miller. Miss Goede was a guest of Mr. and Mrs. Don Scholz of Pontiac, and they all came up for a short visit to Weidman. Miss Goede had been in America since June 12, visiting first in New York, then coming on to her Pontiac friends' home.

She is a bookkeeper in the Hamburg post office, where she saw names of Americans wishing to correspond with German folks. Don works in the Pontiac post ofand Mr. and Mrs. Scholz and Miss Goede began writing let-

ters two years ago.

She is 26, very pretty, and has a fine personality and good sense

of humor, which we enjoyed very much on her visit to the Messenger

She lives in Hamburg with her parents and family, in a house that boasted eight rooms before the war, and now has been restore to a three-room dwelling.

Dear Connie: What's all the excitement about having Weidman Day in the park or on the street next year?

I can't see any comparison, as the park is so much larger, clean-er, and more comfortable, and you can look across and see so many more folks you know than if

it's on the street with rides and booths and junky carnival stuff blocking your view.

Hope the Weidman Business Association considers both sides before next year.

Also congratulations on their home-fixed amusements for this year. Let's have more of them!

A Messenger Reader.

MR. AND MRS. WILLIAM TANNER look over the "money tree" which was a gift of the Henry Simmer family. Mr. and Mrs. Tanner observed their Golden Wedding anniversary July 3, holding open house. They enjoyed the congratulations and best wishes of their many friends, and received many nice gifts. They have lived in the same neighborhood in Gilmore for the past 49 years.

ODE TO HOME NURSING

We have come to the end of our very last day And so at this we'd like to say We know we are fortunate to have had an instructor We've enjoyed every minute of her stay And appreciate her help in every way.

Some of the lessons were a nightmarish dream Of false teeth and bedpans and tents made for steam. We've learned to shake a wicked hip As we grasp our JANE with a deathlike grip.

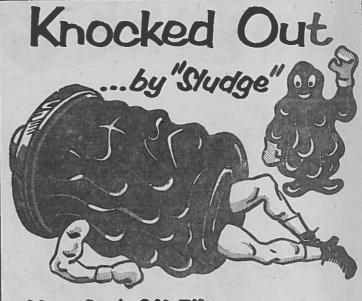

'Twould well surprise old Sammy Kaye
To see how we girls can swing and sway!
We always think of those football guys
As we grab our DEAR JANE and utter sighs,
Adjust our position and get set to lift
On the good old signal 1-2-3 shift!

We think the time we enjoyed the best Was the day Emma Middlesworth thought she'd take a rest. She climbed into bed and said she'd be On the business end of our 1-2-3.

We were just as delighted as we could be And we walked right with a fiendish glee; All of us stood by the bed in a line, Each determined to give her a very rough time. We pushed her and shoved her with our unskilled touch, She found out what we know. It wasn't much.

We heaved her up and we hauled her back With a vigor that made her poor bones crack. We rolled her over and knocked her around With intent and ambition most profound To gain for ourselves that added thrill Of knowing we'd conquered one more skill.

She was patient, though, as were all the others
And we'll leave this class with real remorse.
We've enjoyed our work with our instructor,
Mrs. Bandeen was a real conductor.
Our poetry is clumsy, but most sincere.
We've learned things we'll remember for many a year.
Signed, Weidman Red Cross Home Nursing Class

Friends and neighbors surprised Mrs. Sarah Wiley in August, with a birthday party on her own front lawn. A large crowd gathered to wish Mrs. Wiley many happy returns on her 85th birthday. The party was got up by Mrs. Clara Smith, an old neighbor of Mrs. Wiley when both lived on farms west of Weidman.

FLOWER SHOP WEIDMAN FLYER DISCOVERS FIRE

When fire threatened pasture and woods land on the Clayton Smith farm last Tuesday, it was discovered by Francis Blodgett, who happened to fly over the area in his private plane.

Francis flew over the bean field on the Jerry Dent farm, dipping his wings to get workers' attention. When Jerry and Mabel Dent noticed him, and saw him wave toward the Smith farm, they also saw the smoke, and immediately ran over to the Smith place, taking their bean pickers with them.

All fought the flames, in grass and wooded areas, getting them pretty well under control by the time an alarm had been turned in and the Weidman Fire Department arrived.

Jerry Dent, one of the Central Michigan green bean growers for the big canning companies, was short on his bean load that night, but all agreed it was worth it, to save the Smith farm from fire.

Cause of the blaze was not determined, as the place is unoccupied.

YOUNG FOLKS LIKE IT IN GERMANY

Mr. and Mrs. Frank Thorp have received letters from their daughter, Geraldine Schumacher, telling how she and her husband are enjoying their stay in Germany while Don is doing his continental stint as Sergeant in the Armed Forces.

The Schumachers have a nice small apartment, near Don's work. Geraldine says the flowers are very beautiful in Germany.

They expect to enjoy a 10-day trip to Italy in September. "We're having a wonderful time, " she wrote.

Two Rivers Reunion

August, 1955

By Mrs. Sarah Howell

The Two Rivers School reunion is the place where old friends meet. We talk about the bygone days, and it really is a treat. Some travel many miles from places far away To talk about the good old days and the one-horse shay.

The old schoolhouse still stands erect, but it's changed since days of old.

Instead of sheltering children, it shelters sheep, I'm told.

Consolidation may be fine, but it makes me sad to see

The sheep a-grazing on the lawn where children used to be.

We are several generations as we mingle here once more, But the feeling here is friendly as we talk of days of yore. We have one big thing in common, it's the old Two Rivers School Where we studied all our lessons, and learned the Golden Rule.

Our teachers had their hands full, but they taught us many things. Each of us was a problem, and none of us had wings. We learned reading, writing and arithmetic and other things,

you know,
There was spelling, history and geography to set our minds aglow.

We put on plays at Christmas time, that told the story rare
Of a loving Saviour come to earth that he might our burdens share.
We told the story of His birth and sang the hymns of praise
Of a Saviour who could change our lives, and brighten all
our days.

At recess time we all had fun as we went out to play. 'Twas prisoner's goal, or other games, or pompompullaway. And when it rained we played inside and Oh, what fun we had With hide the thimble or bean bag or often mumble-de-peg.

Now and then we took a hike to see the countryside

And then walked home a mile or two, for we had no way to ride.

We carried wood to fill the stove through cold and wintry days.

We'd sweep the floor and wash the board and practice on some plays.

Smiley's Store would always take our change if we had some, For cracker jack or candy or a bit of chewing gum. Smiley's Store course still stands, though changed in

several ways:
The hitching rail is gone, you know, 'twas a mark of the good old days.

They used to sell a lot of things, that today cannot be seen. Instead of selling farm supplies, Glen now sells gasoline. The store still stands, and we are glad, 'tis a landmark of

the past.
We hope 'twill last for a long, long time, until the very last.'

There used to be a buggy shed where you could drive right in And the horse could eat his dinner while you heard about your sin.

But the little church has been torn down and one store gone at last.

The saw mill, and the blacksmith shop, are long gone in the past.

The old town hall has been the scene of many glad events. No doubt we all have memories of happy evenings spent. The old hotel is crumbling, a landmark to be sure. I wonder what will happen in the days that lie before?

The church, the school and such are gone and we alone

I wish that we might build again the things that were so dear. There are people here from the Two Rivers School from every walk and station.

We may have hailed from a one-horse town but we're part of a mighty nation.

And here we'll meet from year to year as long as we are able, And chat about the good old days across the dinner table.

And now, dear friends, God bless you all and keep you in His care

Until we meet another time, either here or over there.

You cut down the mental labor of keeping farm records when you pay by check. There's less figuring, less worrying, when you know just what payments have been made. Checks are easily written any time, in any kind of weather. No need to go to town. No large sums of cash to carry—or lose.

Yes, paying by check really does make farming easier.
