Queens, Chief on Radio, TV

---0---

The six candidates for Queen of the Firemen's Ball and Fire Chief Ed Fox will appear next Wednesday afternoon, April 24, on Station WWTW, Cadillac, on the "This Is It" program. Folks in this area will be tuning in on Cadillac to see our own folks there.

Tuesday evening at 6.15 of this week, Ted Smith, president of the Weidman Business Association, appeared on Radio Station WCEN at Mt. Pleasant in an interview, and this evening, Thursday, the six Queen candidates and their chairman, Mrs. Flossie Davy, will appear on the same station at the same time. The program is "Community Forum", the time 6.15--don't forget to tune in.

Mrs. Davy has purchased lovely gifts for all the candidates, the finest, of course, being for the Queen, whoever she may be. The Queen will be named Saturday night, April 27, at the Firemen's Ball when the public writes candidates' names on the backs of tickets they have purchased. The girl receiving the greatest number of votes is Queen of the Firemen's Ball, Miss Volunteer Fire Department of 1957.

Don't forget to get your tickets, and at the dance, don't forget to vote for your choice of Queen of the Ball. We have six very pretty girls as candidates.

Gifts for the Queen and her Court are on display at the Weidman Restaurant, and are occasion for much interest, especially among the feminine younger set.

Will you clean house with a "magic wand"?

Scientists say that some day you will. Electricity will attract dust and dirt to the wand as you wave it over the area to be cleaned.

You'll be living better electrically in countless other ways in the years ahead. Low-price electricity will open and close windows automatically, make beds, keep your home free of germs, clean clothing without water.

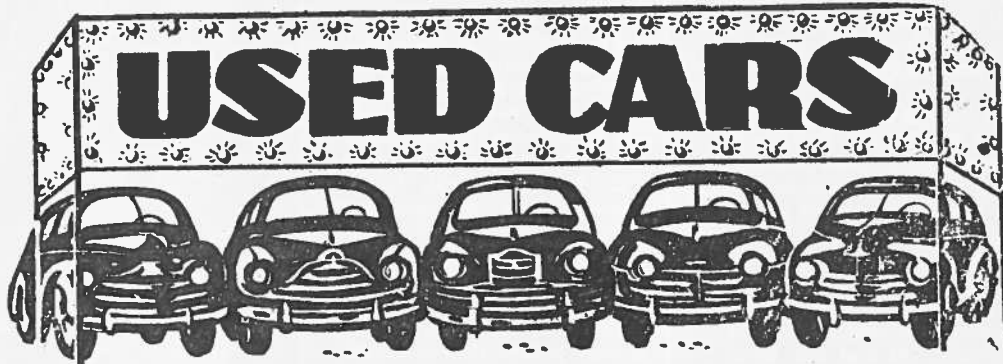

This new electric age will call for lots more power. And this company, along with America's other independent electric companies, is building more power facilities right now.

You can count on plenty of electricity—always.

Weidman School News

Dr. Brenner of the District
Health Unit was guest speaker
at the regular April meeting
of the Weidman PTC last Mon-
day evening. He spoke of the
many areas of responsibility his
office handles. He emphasized
that the department is respon-
sible for services that contribute
to the health of the community
and not just to care for the in-
digent cases. Dr. Brenner had
been at the school that fore-
noon and conducted a clinic for
the children.

We congratulate Dick Shook,
Sophomore, for being selected
to participate in a trip to New
York City and Washington, D.
C. where he will have the op-
portunity to visit the United
Nations and the government
buildings. His classmates and
teachers are expecting him to
bring back an informative re-
port of his experiences.

Students were pre-registered
last week for classes beginning
next September. The schedule
is quite different from any of-
fered here. The new schedule
is an attempt to improve ef-
ficiency by reducing the
amount of time spent in study
halls.
