GERALD HENNING

Gerald Henning, son of Mr. and Mrs. Lawrence Henning of St. Johns, and grandson of Mrs. Leona Simmer of Beal City, passed away last Tuesday, May 25, in the hospital in St. Johns after a long illness.

He was 23 years old. He leaves to mourn their loss, his father and mother (Irene Ley), three brothers, four sisters, and

11 nieces and nephews. Mrs. Simmer attended the funeral, returning to her home in Beal City Sunday.

The family have the deepest sympathy of their many friends.

Hubert Bunker of Carson City is visiting at the home of his son-in-law and daughter, Mr. and Mrs. Charles Halfman, and enjoying some fishing. He got three nice pike on the Weidman Mill Pond.

MR. AND MRS. LARRY EGBERT served chicken dinner to over 20 New Idea Farm Implement representatives at Beal City last Tuesday, at the Town and Country Tavern. The above picture was taken by the company photographer, given to Larry and Shirley in appreciation of their graciousness as host and hostess at the banquet.

Tilmann's Hardware and Implement Store in Beal City was delighted and honored to host the state meeting of New Idea Company's branch and territory managers.

The three-day meeting first was scheduled for Grand Ledge, but Tilmann's in Beal City had the ideal space for setting up and demonstrating New Idea's revolutionary new farm machine, so the Tilmanns became the focal point for this special state meeting to introduce the machine.

This was the first time such a meeting was held in Beal City, and it was made possible by the Tilmanns' new warehouse which is large enough to accommodate

the meeting and demonstrations.

The banquet was a farewell dinner honoring Tom Benner, 11 years branch manager for the company. He was presented with a gift of a radio as a going-away present, as he is being transferred.

There are seven territories in the state, for the New Idea sales people, and they all came to Beal City.

The new machine is presented as a new concept in farming, as it is capable of doing all kinds of harvesting with one machine.

We congratulate the Tilmanns on their being selected as the meeting place for all the state's company men at the three-day session.

EIGHTY-SIX AND SIX: Mrs. Bertha Clark was honored guest at a birthday dinner last Thursday evening at the home of Mr. and Mrs. Ivan Allen. The occasion was Mrs. Clark's 86th birthday, and the sixth birthday of the Allen twins, Gregory, left in photo above, and Geoffrey, right, above. Mrs. Clark shows the lovely birthday cake baked by her daughter, Lela Whearett, who, with Donald Clark, was also a guest of the Allens at the dinner.

MEMORIAL SERVICES WELL ATTENDED HERE

Memorial Day services at Fairview Cemetery were surprisingly well attended Sunday afternoon at 1 o'clock, indicating that people want to observe this honoring of our dead.

This year's program was a spontaneous affair, based on the indispensable co-operation of John Berryhill, Scoutmaster of Weidman Valley Trails Scout Troop, and his Scouts. About 20 Scouts and Cub Scouts were at the cemetery, to stand at attention while taps sounded, and to place a wreath honoring our soldier dead.

Jim Wilcox was Scout Platoon Leader, and he did a good job, of turning his platoon, perfectly, and ordering the "March!", also perfectly done by Jim and the very young Scouts.

Richard Donley sounded Taps, beautifully. Rev. Williams Reynders offered a short prayer.

The Memorial Day observance was the first in some years for Weidman, and it is hoped that next year's program will be under an organized effort.

An important detail of the observance was the announcement by Scoutmaster John Berryhill that the Civil Air Patrol would fly over in honor of Leonard Johnston. Three planes did an appropriate fly-over, right on schedule.

On behalf of the whole Weidman area, the Messenger takes the liberty of thanking all who participated in this year's start at a comeback of Memorial Day observance: Rev. Reynders, John Berryhill, Richard Donley, Leon McArthur, who helped in making possible the sound of Taps; and Esther Skinner, whose deep interest got Ye Ed into the project in the first place, determined to round up a semblance of a Memorial Day observance at the cemetery; and Harold Branson, whose work made the cemetery clean and tidy, and who placed flags on veterans' graves; and all those who attended the short services.

**four self-propelled
 harvesting implements
 all using the same
 rugged Power Unit!**

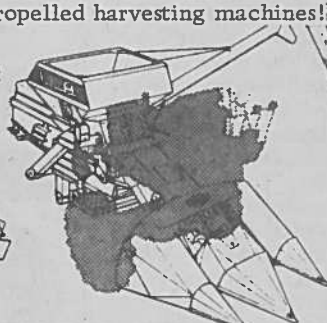

**now...from New Idea
 all-new Uni-System!**

New Idea's Uni-System is the modern concept of harvesting machinery--combinations of interchangeable processing units, all carried, powered, and propelled by a single Power Unit. Just one investment in engine, transmission, wheels and tires--converting quickly from one harvesting unit to another, depending upon the crop. Here's How It Works:

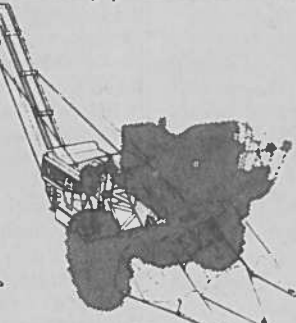

START WITH THE POWER UNIT. Choice of 206 cu. in. or new 244 cu. in. engines--both featuring hydraulically controlled variable ground speeds (3 forward, 1 reverse), control tower visibility, and "easy on-easy off" UNI-SYSTEM interchangeability. Then, select the UNI-SYSTEM harvesting units you need. For small grain and beans, you have the Combine--with either an 11-foot or 13-foot grain platform. For shelled corn, you add a Cornhead. Just one Cornhead (with all the big capacity features of New Idea's famous Superpicker) to serve as the gathering unit for the UNI-PICKER, UNI-SHELLER or UNI-COMBINE. It's that simple. Only one investment in a Power Unit--then, your choice of interchangeable processing units to assemble up to four different self-propelled harvesting machines!

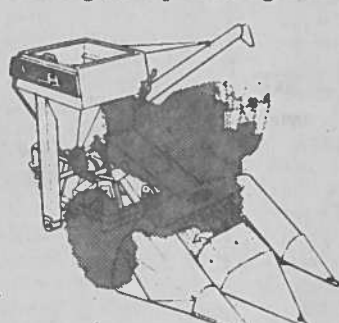

Uni-System combine with big capacity from grain platform to 55-bushel grain bin. Features extra-heavy concave and the strongest cylinder in the business! Does superior job in small grain and beans in all field conditions.

Uni-System combine with cornhead for top performance in "corn country." Greedy Superpicker Cornhead has specially designed snapping rolls, and double auger elevators to carry the ears off fast.

Uni-System picker has giant 12-roll husking bed, biggest on the market. Special presser wheels with 312 moving rubber Flexi-Fingers align the ears and keep them moving along the husking rolls. You get cleaner corn.

Uni-System sheller, world's only self-propelled sheller; cage-type, it lets you control the length of time the ears stay in the shelling cage. Delivers cleaner corn, fewer cracked kernels to 60-bu. bin.

**where bold new ideas
 pay off for
 profit-minded farmers**

*New Idea 2333 FINANCE PLAN--Even if you buy the Power Unit and all available Uni-System harvesting units, your down payment is only \$2,333 cash or trade. AND, after you've made one seasonal payment, you can buy additional Uni-System machines with no down payment!

THEY CAME HOME FOR DECORATION DAY

A gratifying number of Weidman people returned home, some to visit the Decoration Day weekend and others to stay for the summer, this past week.

Frank Thorp, who spends his winters at China Lake, Calif., returned to Weidman Thursday. He drove the long distance alone, and had good throughways over much of the distance, he reports. He stopped off at Colorado, Nebraska and Wyoming, to visit his children living there.

He saw tornado damage in Cedar Rapids, Ia., and great torrents of rain through three states, he said.

Frank enjoyed another winter of rock-hound activity, and came home with some beautiful rings and other jewelry he carved and created himself.

The first renewal of a Messenger subscription was that of Carl Grewett of Mt. Pleasant. Mrs. Grewett stopped in Thursday, and we had a pleasant visit. Frank Kreamsreiter of Nottawa was the second to renew his subscription, none due till June 12.

Mr. and Mrs. George Bolinger of Grand Ledge visited us Saturday morning, and renewed their subscription, one of the first written last year and among the nice number who have been coming in to renew for the coming year.

George and Elsie were visiting friends for a couple of days, but said they'd be on the road early Sunday to avoid traffic hazards. They came up Friday. Both are old-time Weidman residents, and everybody over 40 remembers George as station agent here when we had a railroad and a depot.
