MATT J. McCONNELL

This letter is addressed to the voting public of Isabella County. I, Matt J. McConnell, am a REPUBLICAN candidate for County Drain Commissioner. I'm writing to you today to inform you of my desire and ability to perform the duties of this office, and to serve you, the people of this community.

As a successful farmer of Isabella County, and having paid assessments for drains across this farm, I have a personal knowledge of the farmer's viewpoint of a drain. On numerous occasions in the past, there has been little, if any, background study or investigation made of the financial or physical implications of signing a petition for a drain. For example, ask yourself these questions: (1) Will the benefits of this drain justify its probable cost? (2) Will the burden of this drain be borne by those most benefited? (3) Will people be hurt, or helped, by the construction of this drain?

With the rising cost of farming, the importance of good drainage cannot be overestimated. I feel that a good Drain Commissioner should be able to avoid many problems by anticipating the results of constructing, or obstructing, drains.

With the complex development of our country today, the office of Drain Commissioner is assuming more and more importance. For example, the maintaining of established lake levels, for recreational purposes, falls directly on the shoulders of the Drain Commissioner. I am familiar with the proposed Comprehensive Area Water and Sewer Plan of Isabella County. I know that there are problem areas that eventually will have to construct

sewage disposal systems. I am well aware that this treated sewage may be discharged into the drains and rivers of our community and will become, sooner or later, the problem of the County Drain Commissioner.

As a lifelong resident of this county, as one who has served this country in the armed forces for 4 1/2 years, over half in the Pacific Theatre, I offer my services to you, the voting public. I am in excellent health and physically able to act as your Public Servant in this very important post of Drain Commissioner.

Thank you for giving me your attention for the past few moments. If you feel that my qualifications are deserving of your support for my candidacy, I would appreciate your support. If you feel that I'm qualified, tell your neighbors. If you feel that I stand for progressive thinking, the same as you, give me your vote and your support.

What can you do to help?

(1) VOTE  Matt J. McConnell

(2) Ask your friends, make sure they VOTE  Matt J. McConnell
