NOBODY AIN'T GUNNA KNOW ENGLISH

We see by the Detroit Free Press that a report prepared by the State Department of Education remarked, "The only preventative method with any promise of success is education."

We are not above consulting Webster's dictionary when in doubt, and so we did. We found that Webster said the word, "preventative," is "an unnecessary and irregularly formed doublet of 'preventive'."

If you or I, out here in the boondocks, had said "preventative", we would have thought not much about it. But this was the State Department of Education, which we, as old-fashioned rip-snorters, feel should be impeccable in its usage of the mother tongue.

We once had a friend who said she was having her dog spayed. Another friend told us she was having her dog spaded. We don't care if the animals are spayed, spayed, or spaded, when we're conversing among our own countrified selves.

But when an educator--or a writer--mangles English, we writhe in agony for the future of the language.

A good workman is dependent upon the tools of his trade. For an American journalist, the tools of his trade are the English language and an understanding of its usage. Then he can use his genius unhampered.

We see where the Weidman Messenger was roundly scolded last Wednesday by Bob Talbert in the Detroit Free Press, for pointing out dazzers in various newspapers, including his.

(We would not have the temerity to have sent the Messenger to the famous Talbert; but somebody did. This week we are sending him a copy so he can see this column.)

Talbert ridiculed critics who objected to his using a sentence about his wife, "sewing matching outfits for she and Dafna".

He really lit into Connie, "who calls herself Ye Ed," for objecting to atrocities in the use of the English language, and he wondered "just how well these

GOLDEN WEDDING FOR ED AND EULAH McALVEY--They will be honored on their 50th anniversary at an Open House Sunday, April 5, from 2 to 5 p.m., at the Gilmore Church of Christ, six miles south of Farwell or eight and a half miles northeast of Weidman. Friends of the couple are cordially invited to attend.

Hosting the Open House will be their son and daughter-in-law, Mr. and Mrs. Lamont McAlvey, of Lansing, and their daughter and son-in-law, Mr. and Mrs. Kenneth Lautzenheiser, of Jerome, Mich.

Mr. McAlvey was born on the farm where they have made their home for 56 years. They were married in the Methodist Church in Clare, by Rev. Davis.

Mrs. McAlvey had taught school two years, first in Eaton Rapids and then at the Beach School in Gilmore. After her marriage she did very little teaching, filling in a few times as substitute teacher in the area.

In 1942, with their two children grown, World War II upon us, and teachers being very scarce, she went back to teaching, at the Case School in Gilmore, where she stayed two years.

She spent four years as teacher of the Herring School, two years in the Hatfield School in Jerusalem, four years in a Fremont Township school, eight years in the Weidman School, and then rounded out her career before retiring as elementary principal at the Bath, Mich., Public School. She also taught two terms of summer school at Petoskey, in remedial reading.

For the past six years she was at CMU, teaching remedial reading in summer classes, in connection with the speech clinic.

The McAlveys say they have no special plans for retirement, other than to take life easier, and enjoy their farm life on their 80 acres of good Gilmore soil.

LORETTA CLARK INJURED IN AUTO ACCIDENT MONDAY

Loretta Clark suffered head lacerations Monday afternoon about 5.15 when she lost control of her car on the Woodruff Road about a mile north of Weidman.

She was taken to CMC Hospital by the Isabella County Ambulance Service.

Her car ended up in the deep drainage ditch on the Woodruff Road. Sheriff's officers said Tuesday morning that no ticket was issued, and that they had not yet been able to talk with her as to the cause of the accident.

Mrs. Clark was reported in satisfactory condition, in the intensive care unit at the hospital, on Tuesday morning.

Miss Cheryl Heckard and her brother, Eldon, of Remus, called on Mr. and Mrs. Gene McArthur and family Saturday.

Men in Uniform

Mr. and Mrs. Ted Smith received a letter from Gary Thomas this week, from Germany. Gary said he is just 10 minutes from where Tom Flower is stationed.

Gary is due back in the States around the first of June, with his two years of service completed.

A SON FOR THE JONATHAN NASHES

A son, Jonathan Hale, Jr., was born March 23 at 12.36 a.m. to Pvt. and Mrs. Jonathan Hale Nash.

Little Jon weighed six pounds, 13 3/4 ounces, and measured 18 1/2 inches. The Clare Hospital reports mother and son are doing fine.

Mr. and Mrs. Dan Carrick are the proud grandparents.

Mrs. Vincent Brown (Jean Garner) and her son-in-law and daughter, Corp. and Mrs. James Lommel, and their small son, Mike, were last Thursday afternoon guests of Jean's aunt, Connie Skinner.

Corp. Lommel left Tuesday of this week for New Jersey, from whence he will take off for a year's tour in Germany.

A THANK-YOU LETTER

(Editor's Note: The Knoxville, Tenn., News-Sentinel recently printed a "Thank You" letter from a Marine stationed in Vietnam, directed to certain folks "back home". Here it is, in part:

"We, the service men fighting in Vietnam, wish to give our thanks to those great patriots, Abbie Hoffman and David Dellinger, who are leading our country in the streets and alleys as Hanoi's fifth column in the United States;

"To those illustrious statesmen, Senators Fulbright, McCarthy and McGovern, who back our country and its fighting men to the hilt in much the same way as did Caesar's friend, Brutus;

"To that college fraternity, the Students for a Democratic Society, which is doing so much to preserve our rights of free speech guaranteed under the Constitution, as clearly shown by their courteous attitude when an opponent to their ideas is making a speech;

"And to all the other comrades who are giving us so much loyal support, wherever they may be.

In the Editor's Mail

Dear Editor:

More and more lately we have read and heard about pollution. We all, at times, I'm sure, think, "I am only one person. What can I possibly do to improve this worsening situation?"

As hopeless as it appears, there are things each one of us can do!

1. Use litter bags--a paper bag in the car takes very little space.
2. Use dumping areas only--you're paying for them, you may as well use them.
3. Flatten tin cans before discarding--they take less space.
4. Use soaps and detergents that are least harmful to the soil and water.
5. Use natural fertilizer and safe chemicals on gardens--read labels.
6. Keep drain fields unobstructed.
7. Let others know we don't appreciate their raw sewage being dumped into our local streams--say something.
8. Write policy makers, industries, and individual companies of support of non-pollutant steps and products--Keep informed.
9. Leave all camping and picnic areas in better condition than before using them--picking up one more thing doesn't take long.
10. Provide places on local property for wildlife--the Conservation Department can help.

These are just a few things all of us can do to stop pollution.

It is to our children all of us should promise:

1. To respect the natural beauty of all living things. It is a legacy of living.
2. To keep our small space on this earth clean for our children. It is the legacy of

life.
Sincerely,
Concerned Citizen.

CONSUMERS POWER WORRIED OVER TV KITE AD

Consumers Power has expressed concern over a television ad advising youngsters that a certain kind of kite could be made to rest on high objects, such as electric wires and the like.

The company is distributing kite-flying safety rules to the schools in this area. Mr. Hahn asks parents and teachers to pass on the rules to children before their kites get tangled in electric equipment.

The company's suggestions for fail-safe flying:

1. Fly your kite away from streets and highways.
2. Fly your kite away from electric wires, telephone wires and tv antennas.
3. Do not use a kite which is made with metal parts.

4. Use cloth or plastic string to fly your kite. Metal or wire strings are very dangerous.

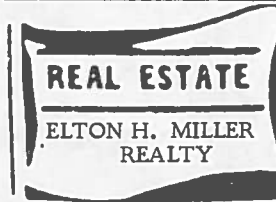

5. Always fly your kite on days when there is no rain.

These safety rules, in poster form, are being distributed by Consumers Power to all schools in this area.

INJURED IN CAR ACCIDENT LAST THURSDAY

Mr. and Mrs. Paul Miller and Mrs. Flora Wood suffered injuries in an auto accident last Thursday, on their way to Grand Rapids.

Their car was hit broadside, and was declared a complete wreck.

Mrs. Wood suffered a broken collar bone, Paul some broken ribs, and Mrs. Miller suffered bruises.

Mrs. Wood and Mrs. Miller returned home that night, but Paul stayed overnight at Butterworth Hospital. Ercil Williams went and brought him home Friday.

Callers at the Paul Miller home were Mr. and Mrs. Elwood Miller, Mr. and Mrs. Keith Loomis and girls, Mrs. Tom Waid, and Mr. and Mrs. Claude Covert. Roy Covert took them a basket of fruit from the Church of God. Mr. Monroe, their good neighbor, has been doing their chores. Elwood Miller took them a truck to use, when they get able to use it.

Visitors of Flora Wood were the Vance Wood family, the Richard Woods, Mr. and Mrs. Ralph Bergquist, Blanche Carr, Mrs. Edna Schultz, Carl and Ellen Geasler, Mrs. Lillian Cummings, Irving Cummings, Rev. and Mrs. Lynn Wright, Rev. and Mrs. Don Wolfgang, and Mrs. Eva Denslow.

"Someday we will be able to tell you how proud you made us as your tore our Flag from its staff and dragged it through the streets to burn.

"Someday we will be able to convey to you our feeling from your battle cry, 'Hell, No! We Won't Go!' which has replaced our battle cry of the past, 'I only regret that I have but one life to give for my country'.

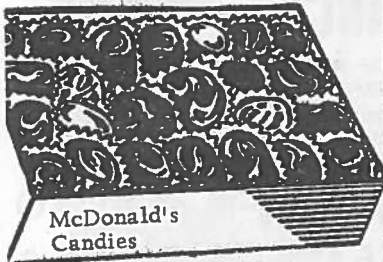

"The name of your game is confrontation, and we are coming home to confront you in the streets, in the universities, in the courts of law, in the voting booths, in Our Country. Everywhere we meet we will remember what you have done and we will give you our personal thanks."

Editor's Column

By Connie

(Continued from Page 1)

purists communicate with their young?". (We communicate very well, Bob, and in English.)

Talbert wound up his column with the assertion that his job is "communicating". "...My job is to be biased, opinionated, prejudiced and, above all, myself. If being myself is ending sentences with prepositions and using ain't, then that's the way it will be."

(If he only would confine it to prepositions at the ends of sentences and using ain't!)

Makes us think of the time when a carpenter will say, "Use a saw? I dunno how, why should I? I'm so clever I don't have to learn the tools of this trade. My job is to build houses--and I'll get yours up helter-skelter and lickety-split!"

Or how about your doctor? "My dear Madam, how should I know what ails you? I couldn't spend time learning anatomy, I'm a specialist in prescribing medicines for symptoms. I don't have to bother with all those boring details of the human body."

Or your plumber: "Lady, you will have to get a bulldozer to dig out your sewer connection. Wrenches? I couldn't be bothered learning to use them."

By all the signs, this is coming; but the omission of knowledge of the English language is in the forefront of the procession.

NEWS NOTES

Bud Frederickson has been having extensive remodeling done at his store here. Clarence Geitman did the carpenter work.

Leila Shook was expected to arrive home this Wednesday or Thursday, after spending the winter in Florida.

POST OFFICE STRIKE AFFECTS THE MESSENGER

The nation-wide strike by postal workers affected the Messenger's news-gathering system this week.

Lansing postal workers went out, and, inasmuch as all our mail is trucked to Saginaw, then to Lansing and back to us, we failed to receive several news letters regularly in the paper.

Sorry.

WE LOVE ELECTRIC HEAT

"Everybody at our house loves electric heat. My mom likes the kitchen warm, my dad likes the den a little cooler. My dolly and I like our bedroom 70°." Before you remodel ask your heating contractor or Consumers Power about converting to room-by-room temperature controlled electric heat. You'll love it too!
